Hi Sonja, Im sorry not to have gotten back to you sooner on the Chemist 1 position, but I just got back from vacation. You are one of the top candidates. However, due to the budget situation, we have been informed of a hiring freeze and that no positions will be filled at this time. I don't know how long this situation will last, but I will let you know when we can fill the position. In the meantime feel free to call me at 6631. Take care. Chuck Salemi

I would like to thank both of you for taking the time to talk with me yesterday regarding the chemist 1 opening. From the initial posting and from the discussion we had, I feel that my academic experience is exactly what is necessary to perform the tasks at hand. I am young and eager to learn everything I can about the drug analysis laboratory, and promise not to let you down given the position. I realize that there are many other qualified candidates, so if there is anything else I can do to prove to you that I am the right person for the job, please let me know. My references and transcripts are readily available should you desire them. Once again, thank you and I look forward to hearing from you.

Respectfully,

Sonja Farak
